Para 2.2 (Harbour Operations), AM confirmed that all the refurbishment costs were being covered by Cornwall Council and that the works included a new disabled toilet and access. The road side bollards would be re-positioned to take account of the changes.

AM had also met with a representative from the Valuation Office. Part of the discussion had related to the business rating of the public conveniences, and AM had suggested that as the toilets were to be used for the benefit of the fishing industry they should be exempt from Business Rates. This was currently being investigated.

Para 6.2 (Health & Safety), AM asked if the Cornishman could assist in publicising that the exercising of dogs on harbour premises was prohibited.

As this was the last Board meeting that Toby Meyjes would be attending before he took up his new position at the Western Morning News the Board expressed its thanks to him for the editorial coverage that had been given to the work of the Board and harbour during his tenure.

NPHC 99

Commissioner Terms of Office

The Board was advised that the terms of office of the Chairman and Vice-Chairman were due to expire on 30 May 2013 and that the matter of re-appointment would be made at the next meeting on 1 May 2013.

NPHC 100

Newlyn Fish Festival

Kevin Bennetts, in his capacity as Chairman of the Newlyn Fish Festival, updated the Board on the work of the new Festival Committee, including progress towards becoming a new Community Interest Group. The discussion also focussed on how the Festival and the Board could work together in promoting the harbour and catching sectors interests, together with a discussion on the harbour becoming a major sponsor of the festival in recognition of the huge amount of "in-kind" support it had given to the Fish Festival over the years.

RS suggested that consideration could be given to extending the event over a number of days thereby raising the festival's profile to a wider audience; with additional events being held on the run up to the main event.

KB referred to the support given by NPHC to the event, and although the event was only held on one day, there was disruption to the harbour and fish market for up to three days. In addition, he reported that the festival's finances were currently in a weak position and therefore it was important to reinvigorate the festival, with a refocusing on the fishing industry.

NPHC 100 cont.	ES referred to problems between the Fisherman's Mission and the fishing industry, particularly regarding restrictions on the use of the building for industry related meetings. MC, as Chairman of the Mission's Local Advisory Committee confirmed that the issues were currently being addressed.	
NPHC 101	Exclusion of the Press and Public The meeting RESOLVED to exclude the press and public at this point in the proceedings as matters of a confidential and personal nature were to be discussed.
